SAFE ZONE
DO NOT place important texts or images beyond the green dashed area to ensure that elements would not get cut.

TRIM LINE
Blue dashed line is the actual cut of the final design.
We do not recommend having borders due to shifting in the cutting process, which may cause borders to appear uneven.

BLEED
Extend the background of your artwork to the edge of this template if you want your artwork to the edge of your final prints. 1/8 inch (0.125) bleed is our requirement.
